Hereinafter set forth is the text of a recorded telephone message that can be obtained from dialing Los Angeles telephone number 444-0438. This information was furnished to Night Supervisor [REDACTED] on the evening of 1/29/69:

"Hello, I'm Dr. WILLIAM PIERCE with the National Socialist White Peoples Party. On college campuses all over America today education is giving way to anarchy and chaos as gangs of black thugs sparked by a few jews reek total havoc even where there is only a tiny minority of the student body. The reason they're able to do this is because they're meeting no resistance from either white students, or faculty, or administration. Administrators, after a few half-hearted and unsuccessful efforts to be firm, have retreated to the point where total appeasement is now their only tactics. White students and faculty have at best stood around with their hands in their pockets while black gangs have torn up their schools and stomped anyone who got in their way. The worst, and this is more the case, the liberal elements among the whites are joining the blacks and jews in their attacks against other whites. Now, I suppose America could get along for a while without her colleges if she had to, but what's happening now in America's colleges is characteristic of what's happening or will happen in every phase of American life. America is sick unto death and the name of our

"sickness" is democratic liberalism. We've been brain-washed by our enemies for years now into believing that it's wrong for white men to stick together. Smooth talking liars have told us that it's wicked for us to feel pride in our rights and to put the interest of our own people first, but that we must not fight our enemies but that we must try to understand them and reason with them, that racial suicide is better than racial self-defense. Wake up America. Let's get this liberal poison out of our systems before it's too late. Let's clearly understand that there is only one effective way to take care of the rampaging blacks on our campuses and in our cities and that is to kill them. For more information and a free white power button for you to wear, write to the National Socialist White Peoples Party today. Send a stamped, self-addressed envelope to Box 5505 Arlington, Virginia. This has been another in a continuing series of white power messages."

"White Power" advertisement ousted from DB classifieds

By John Parker and Jeff Weiner
DB Staff Writers

A Daily Bruin classified advertisement for a "White Power" telephone message was pulled from the paper after Thomas Robischon, professor of education, informed Editor Mike Levett of the taped message's racist content.

Levett pulled the ad from Thursday's paper after it had already run in the Tuesday and Wednesday issues.

The ad listed a phone number where the caller could hear a 60-second taped message produced by the National Socialist White People's Party (American Nazi Party).

The ad was reportedly placed by Joe Tomazzi of El Monte. Although Tomazzi told the DB that he is a student here, Dean of Students Byron H. Atkinson said that there is no record of

his attendance here, and no public directory card listing his name could be found.

When the number is called, the speaker identifies himself as William Pierce, former physics professor at the University of Oregon and now third in command with the American Nazi Party.

In the message Pierce warns that "on college campuses all over America today, education is giving way to anarchy and chaos as gangs of black thugs, sparked by a few Jews, wreak total havoc even where they are only a tiny minority of the student body."

He concludes: "Let's clearly understand that there is only one effective way to deal with the rampaging blacks on our campuses and in our cities—and that is to kill them."

Atkinson would not release Tomazzi's name to Levett until it could be determined whether he was a student. Atkinson said he was "concerned about the man's safety."

Tomazzi said that he believes Levett's decision to pull the ad is "a violation of my civil rights." He admitted to being a member of the Nazi Party and he hates Jews because "they're Communists."

Yesterday Levett issued a statement in which he said: "Obviously, we are sorry that such an advertisement was accepted, and we hope in the future that procedures would be developed which would prevent the running of advertising of such an insane and inhuman nature."

"I am Dr. WILLIAM PIERCE with the National Socialist White Peoples Party. The program of the American Government during the next four years will be determined by a pair of immigrant Jews. They are Nixon's two top policy makers, a Jew from Germany, KISSINGER (phonetic), is in charge of our foreign policy and a Soviet Jew, believe it or not, BURNS (phonetic) by name, is in charge of our domestic policy. You should keep these two behind-the-scenes wire pullers in mind during the next few years as one calamity after another befalls America. What America needs is not another Jewish program but instead a white man's program. A program by and for the white people of this country. We can be sure that Mr. KISSINGER's foreign policy will, for example, maintain American's official hostility toward the white government of South Africa and Rhodesia. At the same time he will certainly attempt to maintain the U. S. alignment with the Jews in the Middle East. Instead of Mr. KISSINGER's policy, we need a foreign policy aimed at developing the white world solidarity, a policy based on the long term interest of their home race not other races. We need a policy that will establish solid bonds between us and the other white nations of the world for the advancement of our common racial interests.

"On the domestic front, instead of Mr. BURNS' program, we need a program aimed first at making America white. Nothing less will do. Only in an all white America can we carry out a genuine program for the betterment of our people. The National Socialist White Peoples Party has the sort of program America needs and in future white power messages, I'll tell you about that program point by point. Meanwhile, if you would like a copy of our program, and a free White Power button to wear, just send a stamped, self-addressed envelope to Box 5505, that's Box 5505, Arlington, Virginia. Court Ban Sets Stage for Hate Message Test

Nazi Party Telephone Yanked Out After Tape Calls for Race War

BY LEE DYE

Times Staff Writer

California may be on the verge of setting a national precedent in determining just how far courts can go in controlling recorded telephone hate messages.

It all stems from action taken recently by the state attorney general's office which brought at least a temporary halt here in a propaganda program sponsored by the National Socialist White People's Party, alias the American Nazi Party.

The attorney general obtained a court order to have an El Monte phone removed on March 13. Since about Feb. 14 the phone had offered recorded messages calling for race war, if necessary, to prevent a mixing of the races.

Extremity Increases

About two weeks ago the recordings grew more extreme, ending with this statement by Dr. William Pierce, the ideological officer of the NSWPP:

"Let's clearly understand that there is only one effective way to deal with the rampaging blacks on our campuses and in our cities, and that is to kill them."

Law enforcement officials, who had said the messages were protected by the First Amendment to the U.S. Constitution, finally made their move.

Dep. Atty. Gen. Lawrence R. Tapper and Bernard S. Kamine obtained a court order from Municipal Judge Eunie Lee Martin, who ruled that the message was a violation of California law in that it was designed to "instigate or encourage the perpetration of an unlawful act."

The phone, registered to Joe Tommasi at 10914 Garvey Ave., El Monte, was disconnected March 13. Tommasi is a senior at El Monte Union High School and the El Monte leader of the NSWPP.

Under California Public Utilities Commission Rule 81, Tommasi has until Friday to appeal the decision.

Pierce, who was reached at his headquarters in Arlington, Va., told The Times the NSWPP will appeal the decision.

Could Set Precedent

If the case goes to court it could set a precedent in limits to which law enforcement officials may go to control hate messages.

Prior to the action by the attorney general's office, officials in both that office and the Los Angeles District Attorney's office, as well as Pacific Telephone Co., had said they were powerless to act.

"God knows I wanted to stop it," said Charles Bitner, chief investigator for Pacific Telephone, "but there was nothing we could do."

Bitner said the tariffs under which the phone company operates in California require the company to lease recorded message devices to anyone who applies, and the company has no jurisdiction over the contents of the messages.

The company leases the equip-

ment for a relatively low cost, and there are literally thousands of the recorders in use for legitimate purposes, such as theater programs and doctor's messages.

"We tried awhile back to require the people broadcasting the message to give their name in the recording," noted George Donnelly, assistant vice president in charge of public affairs for Pacific

Telephone. "But a California Supreme Court decision in 1968 threw that out.

"The court ruled that such a requirement was an abridgement of the individual's right to free speech, as guaranteed by the First Amendment to the U.S. Constitution," he said.

The First Amendment formed the basis for legal barriers to ending the messages. There is one California law which prohibits acts aimed at promoting violence, but officials did not believe they could win a conviction under that law.

Harry Wood, chief of the appellate division of the Los Angeles District Attorney's office said that in addition to proving the person incited violence, the state also would have to prove that the circumstances under which the act occurred were such as to make the act effective.

Miles J. Rubin, a senior assistant to state Atty. Gen. Thomas Lynch and supervisor of Los Angeles activities by the attorney general's staff, agreed essentially with Wood.

"Unless you have a clear and present danger of action, you probably couldn't prosecute," he said. "It would be awfully, awfully hard to make it stick."

Kept Tab

Officials kept watch on the messages. A few days after the recording suggesting that the only effective way to deal with the racial crisis is to kill the blacks, the attorney general's office made its move.

Thus on the basis of one message the NSWPP was put out of the telephone propaganda business in Los Angeles, although other agencies still offer similar messages.

"We doubt very much that the attorney general can enforce this," Pierce told The Times during a telephone interview.

"We have been pretty careful about the wording," he said. "We didn't tell people to go kill anybody. We merely said that's the only effective way to deal with the problem."

Pierce said the "service" has been offered in three metropolitan areas — Los Angeles, Washington, D.C., and Racine, Wisc. He said those locations were selected because local party leaders were ready to begin the operation.

Prior to removal of the phone here, Pierce said the party planned to expand the service within six months to every major metropolitan area in the country.

He said his organization decided to broadcast the messages when it became "apparent that we were already in the early stages of what will develop into race war."

"We would prefer that to a mixture of the races," he told The Times.

One of the messages used here suggested that "race war is a small price to pay" to insure a white America.

Rest Automatic

To hear the messages, one needed only to dial the

number. The rest was automatic.

Knowledge of the number was spread largely by word-of-mouth, although the El Monte number was printed in at least one college newspaper.

The UCLA Daily Bruin ran the number in a classified ad until Editor Mike Levett learned of the nature of the message. It was then removed.

The state moved to halt the program in the same way it acts against bookies. In his formal announcement, Lynch put it this way:

"Recorded telephone hate messages are not new and most of them are protected by constitutional guarantees of free speech. In this case, however, constitutional limits have clearly been exceeded by the advocacy of mass murder."

Sources referred to herein have furnished reliable information in the past.

Source One advised on January 13, 1969 that the telephone company had installed a relay unit in the building at 10914 Garvey Boulevard, El Monte, California, which had been leased by the NSWPP; that the relay unit would be used to operate a recording unit provided by the NSWPP, Arlington, Virginia, to transmit a message by telephone when a certain number was dialed. The message was called the White Power Message. It was indicated that one unit was already installed in NSWPP headquarters in Arlington. According to this source, the message could be changed daily, weekly, or at random. The relay unit could handle up to twenty calls at one time, so twenty callers could dial and listen to the message at the same time. The messages to be used on the recording unit were to be sent from headquarters in Arlington, Virginia. The headquarters was to designate the particular messages to be transmitted in a certain area. The headquarters would prepare the recordings to suit their purposes for a specific area. The telephone number to be used in listening to the recording was to be made available to the public through newspapers and literature.

The "NS Bulletin", official organ of the NSWPP, dated January 15, 1969 advised that no local fund raising would be permitted. All dues and contributions would continue to be sent directly to National Headquarters. Solicitation of pledges for support of White Power Message units would be

permitted only when a Party representative holds a letter of authorization from the National Leader. Other fund raising was strictly forbidden.

Source Two advised on January 21, 1969 that Joseph Tommasi of the NSWPP in El Monte, stated that Dr. William Pierce had telephoned and advised Tommasi not to rent a telephone answering machine from the telephone company because the telephone company would yank it out as soon as the Jews put pressure on them. Dr. Pierce was to have a telephone answering machine company contact Tommasi.

Source Two advised on January 29, 1969 that at a NSWPP meeting held on January 25, 1969 at 10914 Garvey Boulevard, El Monte, Tommasi advised that their telephone answering machine which was to arrive cost \$300, and that the National Headquarters paid half the cost. He said that the Los Angeles Unit, NSWPP, owed only \$150 on the machine.

Source Two advised on February 5, 1969 that at a NSWPP meeting on February 1, 1969, held at 10914 Garvey Boulevard, El Monte, California, Tommasi stated that Party members had distributed Party literature which gave the phone number to call for the White Power Message. He stated that the telephone had been ringing continuously all day. He said more literature would be distributed, and if the response continued, he would have to get more telephone lines to handle all the calls. He said this would cost \$15 a month more for each additional line. Tommasi said he had written to newspapers in the Los Angeles area complaining about the White Power Message, but had written them to sound as though he were Jewish. He said that if the papers printed the letters, it would mean more publicity for the Party. Tommasi further said that a Los

Angeles man had written he was willing to donate \$1,000 to the Party, but Tommasi had written back and advised that the \$1,000 should be sent to National Headquarters and that if the man desired, he could send \$50 to him (Tommasi). At this meeting, Tommasi said the telephone bill for the past month was \$52 and the rent was due on February 3, 1969; that he was going to take a collection because he did not have enough money to cover both bills. The collection yielded \$47.

Source One advised on February 3, 1969 that at an NSWPP meeting held at 10914 Garvey Boulevard, El Monte, on February 1, 1969, Tommasi said that Headquarters in Arlington, Virginia, was making some special stickers having the telephone number of the White Power Message in El Monte and would send them out. Tommasi said that some man had called and told him he was donating \$1,000 to the Party. Tommasi said he told the caller to send the check to Arlington, Virginia because they could not take any donations out here. Tommasi did not name the person calling. During the meeting, there were around fifty to seventyfive calls for the White Power Message.

Source Two advised on February 11, 1969 that Tommasi stated on February 8, 1969 that the telephone number for the White Power Message was changed by the telephone company as the old number was so busy it affected telephone service of other telephone numbers near it. He said he had reserved a block of numers so more answering machines could be installed. He said he needed \$75 so he could install another answering machine. Two persons present were willing to donate a total of \$60 toward the answering machine.

"Hello, I'm Dr. WILLIAM PIERCE with the National Socialist White Peoples Party. On college campuses all over America today education is giving way to anarchy and chaos as gangs of black thugs sparked by a few jews reek total havoc even where there is only a tiny minority of the student body. The reason they're able to do this is because they're meeting no resistance from either white students, or faculty, or administration. Administrators, after a few half-hearted and unsuccessful efforts to be firm, have retreated to the point where total appeasement is now their only tactics. White students and faculty have at best stood around with their hands in their pockets while black gangs have torn up their schools and stomped anyone who got in their way. The worst, and this is more the case, the liberal elements among the whites are joining the blacks and jews in their attacks against other whites. Now, I suppose America could get along for a while without her colleges if she had to, but what's happening now in America's colleges is characteristic of what's happening or will happen in every phase of American life. America is sick unto death and the name of our "sickness is democratic liberalism. We've been brain-washed by our enemies for years now into believing that it's wrong for white men to stick together. Smooth talking liars have told us that it's wicked for us to feel pride in our rights and to put the interest of our own people first, but that we must not fight our enemies but that we must try to understand them and reason with them, that racial suicide is better than racial self-defense. Wake up America. Let's get this liberal poison out of our systems before it's too late. Let's clearly understand that there is only one effective way to take care of the rampaging blacks on our campuses and in our cities and that is to kill them. For more information and a free white power button for you to wear, write to the National Socialist White Peoples Party today. Send a stamped, self-addressed envelope to Box 5505 Arlington, Virginia. This has been another in a continuing series of white power messages."

"I am Dr. WILLIAM PIERCE with the National Socialist White Peoples Party. The program of the American Government during the next four years will be determined by a pair of immigrant Jews. They are Nixon's two top policy makers, a Jew from Germany, KISSINGER (phonetic), is in charge of our foreign policy and a Soviet Jew, believe it or not, BURNS (phonetic) by name, is in charge of our domestic policy. You should keep these two behind-the-scenes wire pullers in mind during the next few years as one calamity after another befalls America. What America needs is not another Jewish program but instead a white man's program. A program by and for the white people of this country. We can be sure that Mr. KISSINGER's foreign policy will, for example, maintain American's official hostility toward the white government of South Africa and Rhodesia. At the same time he will certainly attempt to maintain the U. S. alignment with the Jews in the Middle East. Instead of Mr. KISSINGER's policy, we need a foreign policy aimed at developing the white world solidarity, a policy based on the long term interest of their home race not other races. We need a policy that will establish solid bonds between us and the other white nations of the world for the advancement of our common racial interests."

"On the domestic front, instead of Mr. BURNS' program, we need a program aimed first at making America white. Nothing less will do. Only in an all white America can we carry out a genuine program for the betterment of our people. The National Socialist White Peoples Party has the sort of program America needs and in future white power messages, I'll tell you about that program point by point. Meanwhile, if you would like a copy of our program, and a free White Power button to wear, just send a stamped, self-addressed envelope to Box 5505, that's Box 5505, Arlington, Virginia. This has been another in a continuing series of White Power messages."

Source One advised on February 18, 1969 that Tommasi stated on February 15, 1969 that he had contacted the telephone company and had reserved a "rotary testing unit" with five numbers in sequence. He said this would involve getting five more "message units" from National Headquarters in Arlington. Tommasi said the telephone company recommended that he reserve the "testing unit" because the telephone line the Party then had for the White Power Message was receiving such a large number of calls that it was burning out the line at the switchboard. Tommasi said that National Headquarters was printing 4,000 new cards with the new number of the White Power Message. The cards which National Headquarters had previously printed were no longer any good since the number had been changed. The new number was 443-4244.

Source Two advised on February 26, 1969 that Tommasi stated on February 21, 1969 at an NSWPP meeting that more money was needed to acquire another answering machine and he asked Party members to supply funds. Some of those present contributed and then Tommasi said he had enough money for another answering machine and for a telephone hook-up.

The "UCLA Daily Bruin", a campus newspaper at the University of California at Los Angeles (UCLA) dated February 28, 1969 contained an article reflecting that a classified advertisement for a "White Power" telephone message had been "pulled" from the paper due to its racist content, after it had appeared in some issues. The advertisement listed a telephone number to call to receive a sixty second taped message from the NSWPP. The advertisement was reportedly

placed by Tommasi of El Monte, according to the article. When the number was called, the speaker identified himself as William Pierce and as being third in command with the American Nazi Party. (see appendix under NSWPP).

The article advised that in the message, Pierce warns that "on college campuses all over America today, education is giving way to anarchy and chaos as gangs of black thugs, sparked by a few Jews, wreak total havoc even where they are only a tiny minority of the student body." He concluded, "Let's clearly understand that there is only one effective way to deal with the rampaging blacks on our campuses and in our cities - and that is to kill them".

According to this article, Tommasi said he believed the decision to pull the advertisement was a violation of his civil rights. He admitted to being a member of the "Nazi Party" and that he hated Jews because "they're Communists".

Source Three advised on March 7, 1969 that he had tried to contact the NSWPP message number 444-0438, but the Operator would advise the number had been changed to 443-4244; that when the latter number was called, there was a busy signal.

On March 10, 1969, [redacted] telephonically advised that the message obtained by dialing number 443-4244 was a recording made by Dr. William Pierce in behalf of the NSWPP advocating the killing of Negroes and Jews to curb present campus unrest in the United States and giving Post Office Box 5505, Arlington, Virginia as a source of further information.

On March 23, 1969, the "Los Angeles Times", a newspaper, carried an article headlined "Court Ban Sets Stage for Hate Message Test". The contents of the article are as follows:

Court Ban Sets Stage for Hate Message Test

Nazi Party Telephone Yanked Out After Tape Calls for Race War

BY LEE DYE
Times Staff Writer

California may be on the verge of setting a national precedent in determining just how far courts can go in controlling recorded telephone hate messages.

It all stems from action taken recently by the state attorney general's office which brought at least a temporary halt here in a propaganda program sponsored by the National Socialist White People's Party, alias the American Nazi Party.

The attorney general obtained a court order to have an El Monte phone removed on March 13. Since about Feb. 14 the phone had offered recorded messages calling for race war, if necessary, to prevent a mixing of the races.

Extremity Increases

About two weeks ago the recordings grew more extreme, ending with this statement by Dr. William Pierce, the ideological officer of the NSWPP:

"Let's clearly understand that there is only one effective way to deal with the rampaging blacks on our campuses and in our cities, and that is to kill them."

Law enforcement officials, who had said the messages were protected by the First Amendment to the U.S. Constitution, finally made their move.

Dep. Attys. Gen. Lawrence R. Tapper and Bernard E. Kramine obtained a court order from Municipal Judge Bonnie Lee Martin, who ruled that the message was a violation of California law in that it was designed to "instigate or encourage the perpetration of an unlawful act."

The phone, registered to Joe Tommasi at 10914 Garvey Ave., El Monte, was disconnected March 13. Tommasi is a senior at El Monte Union High School and the El Monte leader of the NSWPP.

Under California Public Utilities Commission Rule 31, Tommasi has until Friday to appeal the decision.

Pierce, who was reached at his headquarters in Arlington, Va., told The Times the NSWPP will appeal the decision.

Could Set Precedent

If the case goes to court it could set a precedent in limits to which law enforcement officials may go to control hate messages.

Prior to the action by the attorney general's office, officials in both that office and the Los Angeles District Attorney's office, as well as Pacific Telephone Co., had said they were powerless to act.

"God knows I wanted to stop it," said Charles Bitner, chief investigator for Pacific Telephone, "but there was nothing we could do."

Bitner said the tariffs under which the phone company operates in California require the company to lease recorded message devices to anyone who applies, and the company has no jurisdiction over the contents of the messages.

The company leases the equip-

ment for a relatively low cost and there are literally thousands of the recorders in use for legitimate purposes, such as theater programs and doctor's messages.

"We tried awhile back to require the people broadcasting the message to give their name in the recording," noted George Donnelly, assistant vice president in charge of public affairs for Pacific Telephone. "But a California Supreme Court decision in 1968 threw that out.

"The court ruled that such a requirement was an abridgement of the individual's right to free speech, as guaranteed by the First Amendment to the U.S. Constitution," he said.

The First Amendment formed the basis for legal barriers to ending the messages. There is one California law which prohibits acts aimed at promoting violence, but officials did not believe they could win a conviction under that law.

Harry Wood, chief of the appellate division of the Los Angeles District Attorney's office said that in addition to proving the person incited violence, the state also would have to prove that the circumstances under which the act occurred were such as to make the act effective.

Miles J. Rubin, a senior assistant to state Atty. Gen. Thomas Lynch and supervisor of Los Angeles activities by the attorney general's staff, agreed essentially with Wood.

"Unless you have a clear and present danger of action, you probably couldn't prosecute," he said. "It would be awfully, awfully hard to make it stick."

Officials kept watch on the messages. A few days after the recording suggesting that the only effective way to deal with the racial crisis is to kill the blacks, the attorney general's office made its move.

Thus on the basis of one message the NSVPP was put out of the telephone propaganda business in Los Angeles, although other agencies still offer similar messages.

"We doubt very much that the attorney general can enforce this," Pierce told The Times during a telephone interview.

"We have been pretty careful about the wording," he said. "We didn't tell people to go kill anybody. We merely said that's the only effective way to deal with the problem."

Pierce said the "service" has been offered in three metropolitan areas — Los Angeles, Washington, D.C., and Racine, Wisc. He said those locations were selected because local party leaders were ready to begin the operation.

Prior to removal of the phone here, Pierce said the party planned to expand the service within six months to every major metropolitan area in the country.

He said his organization decided to broadcast the messages when it became "apparent that we were already in the early stages of what will develop into race war."

"We would prefer that to a mixture of the races," he told The Times.

One of the messages used here suggested that "race war is a small price to pay" to insure a white America.

To hear the messages, one needed only to dial the number. The rest was automatic.

Knowledge of the number was spread largely by word-of-mouth, although the El Monte number was printed in at least one college newspaper.

The UCLA Daily Bruin ran the number in a classified ad until Editor Mike Levett learned of the nature of the message. It was then removed.

The state moved to halt the program in the same way it acts against bookies. In his formal announcement, Lynch put it this way:

"Recorded telephone hate messages are not new and most of them are protected by constitutional guarantees of free speech. In this case, however, constitutional limits have clearly been exceeded by the advocacy of mass murder."

Rememo of Supervisor [REDACTED], dated 2/6/69, and Los Angeles Times Newspaper clipping dated 3/23/69, entitled, "Court Ban Sets Stage for Hate Message Test".

The above-referenced newspaper article stated that Dr. WILLIAM PIERCE has his headquarters in Arlington, Virginia.

On 3/25/69, SA [REDACTED] orally contacted [REDACTED] who advised that the National Socialist White Peoples Party (NSWPP), under the direction of Dr. WILLIAM PIERCE in Arlington, Virginia, functions in various geographical areas in the United States such as the one quoted in the above-referenced letter. These tapes are then played on a recording device functioned by the NSWPP at a cost of \$300 each. The recording devices are then applied to existing telephone lines.

On 3/26/69, SA [REDACTED] advised that this matter is being covered under Los Angeles case file 157-9, NSWPP.

The Bureau has been advised be an appropriate letterhead memorandum (LHM) and a copy designated to this file.

Further action taken at this time under this case file would be a duplication of investigation so it is therefore recommended that this case be closed.

Info re closing of NSWPP offices at 10914 E. Garvey Blvd., El Monte and transfer of activities, meeting location, and location of "White Power Message" to 12107½ Exline St., El Monte. Transcript on newest message.

The NSWPP offices formerly located at 10914 E. Garvey Blvd., El Monte have been transferred to the residence of Joseph Charles Tommasi (IDF), Western Division Group Leader, in a nine unit court at 12107½ Exline St., El Monte.

The "White Power Message", a taped phone message on 579 2370 is operating from the new location. The newest hate message, recorded by "Dr. William Pierce" (IDF) of national headquarters in Arlington, Va., is transcribed below:

"Hello, I am Dr. William Pierce with the NATIONAL SOCIALISTS WHITE PEOPLE'S PARTY.

Violent crime here in the Los Angeles area is now climbing faster than it ever has before. In the last two years, according to the latest FBI Crime Report, homicides and robberies in this area both increased by 50 per cent. The same FBI Crime Report reveals that, man-for-man, negroes commit sixteen times as many of these violent crimes in our cities as whites do. Now what are we going to do about this? Every year there are increases in the size of our police force, every year there are increases in handouts to the blacks and in jobs and job training opportunities for them. Black crime keeps soaring beyond all limits. Let me tell you something, neither Mr. Nixon nor Mr. Reagan nor all the crime study commissions and special task forces put together by all politicians in Washington and Sacramento are going to make a dent in black crime either. I know that this is so for the following simple reason. None of these people are willing to face the elementary truth about the cause of black crime which lies in the inborn nature of the negro himself. There is a vulgar but direct little ditty which sums it up nicely. It goes like this, 'You can take the nigger out of the jungle, but you can't take the jungle out of the nigger'. We ought to set that

to music and make every soft-headed liberal in California learn to sing it. Because the fact remains, until we have taken the blacks, all of them, out of America, our cities are going to remain jungles. Those of you who would like to start working toward this goal now should get in touch with the party today. Send a stamped, self-addressed envelope to our National Headquarters at 2507 North Franklin Road in Arlington, Virginia and we will send you free information. This has been another White Power message.

For those that would like to contact the local division of the National Socialist White People's Party, write to P. O. Box 2206, El Monte, California."
